

TENGA SPINNER DX 02 - BUMPS Wins Outstanding Non-Powered Stroker at the 'O Awards' 2026!

LAS VEGAS, NV - The TENGA SPINNER DX 02 - BUMPS has been awarded an 'O Award' for Outstanding Non-Powered Stroker at The Adult Novelty Expo (ANE) 2026.

■ What are the 'O Awards'?

The 'O Awards' are annual awards presented by AVN (Adult Video Network) to recognize outstanding achievements in pleasure products. The 2026 awards ceremony took place at the Virgin Hotels Las Vegas as part of ANE (The Adult Novelty Expo). The winner of the Outstanding Non-Powered Stroker award is staff-picked by AVN, and is a prestigious honor within the adult industry.

The TENGA SPINNER DX Series launched in 2025 as the sequel series to its popular predecessor from 2018, the SPINNER Series - both of which sport an automatically spinning internal coil that spins as the user strokes. This unique and sensational stimulation from a reusable and affordable masturbator has been highly regarded by fans since launch, and has now been honored by the industry at the 2026 'O Awards.'
